

The background of the image is a dense, close-up shot of various types of palm fronds. The leaves are a vibrant green, with some showing signs of being eaten, such as small holes. The lighting is soft, creating a natural, organic feel. The text is centered over this background.

Welcome to Paradise

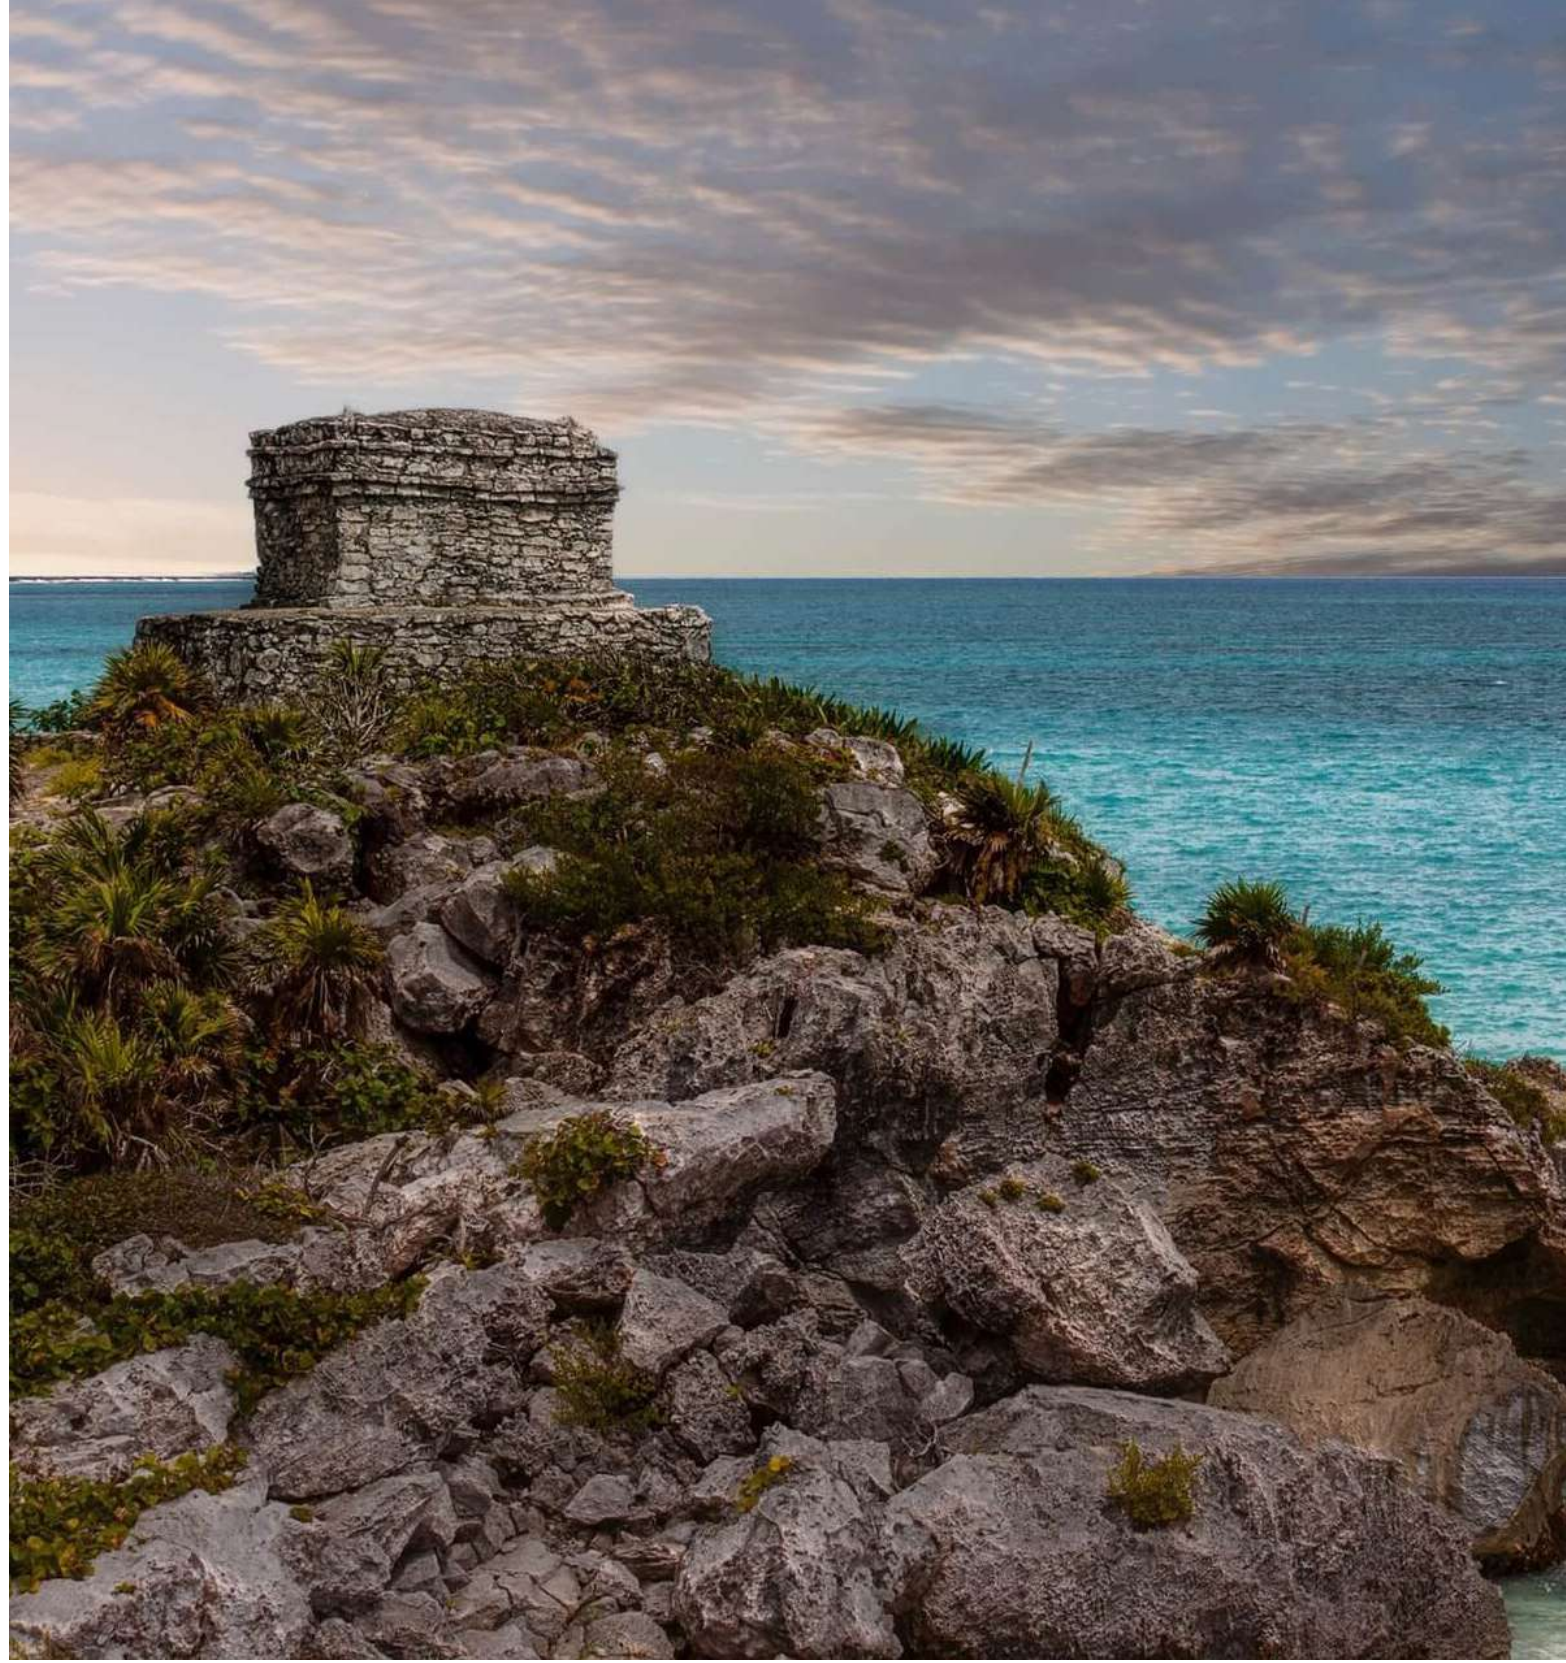

TULUM, MÉXICO

Located in the heart of the Mayan World, Tulum is home to one of the most beautiful Pre-Colombian ruins, pristine beaches and gorgeous cenotes.

This breathtaking site was formerly known by the name of Zama, meaning City of Dawn. Standing on a cliff facing the Caribbean Sea, Tulum holds true to its Mayan Name for wall. An important port and worship site for the Descending God, Tulum is one of the last cities built and inhabited by the Mayans.

In the past few years, Tulum has become one of the most coveted destinations on a world wide scale because it was developed consciously to respect the synergy with its natural surroundings. Businesses are all eco friendly and powered by sustainable energy sources.

Tulum's vibe is unique. The ancient mayan energy continues to fuel this small Mexican town.

ALDEA MAYA II

Aldea Zama

Aldea Zama is a one of a kind residential and urban project with exceptional infrastructure. The creation of this planned community is a bold step towards a master plan that defines modern life in the Riviera Maya, merging Tulum's ancientness and mysticism with contemporary lifestyle.

Located in Tulum, in the state of Quintana Roo, México, Aldea Zama is a majestic development strategically positioned in the heart of the village. Bike rides to the archeological site, hotel area, beach, cenotes, and downtown Tulum are an easy and enjoyable way to get around.

With spectacular green areas preserving the natural beauty of the Mayan jungle, construction and landscape were designed to guarantee a sense of balance with nature whilst serving the demands of modern life.
